

Bringing no-stick release to all your baking applications

PROFESSIONAL Bak-klene ZT

ALL PURPOSE NO-STICK BAKERY SPRAY

A versatile pan spray with superior release power specifically formulated for:

- Everything from everyday breads and specialty loaves to ciabatta rolls
- Cakes, bars, muffins and other demanding high-ratio baked goods
- Pizzas and breadsticks

Keeps quality up

- Generates a rich, golden crumb color and allows for a high-rising crown
- Produces a clean, easy release – preventing goods from sticking and breaking, harming visual appeal

Keeps costs and build-up down

- No need for greasing or the brush-and-pail method – saving time and labor
- Unique vegetable-mineral oil blend reduces build-up and protects pan glaze
- Allows you to profit from higher yields and extended pan life

Zero-trans formula helps you stay on trend

- Contains no hydrogenated oils
- Helps you meet the demand for healthier offerings without sacrificing taste or satisfaction

PROFESSIONAL Bak-klene® ZT

ALL PURPOSE

Outperforms other methods and gives you a healthier bottom line, too!

Other options can't match Bak-klene® ZT's release power

Other sprays generate more gummy buildup

Pan sprays made with low-quality oils and those that feature inorganic compounds such as calcium stearate and silicon dioxide:

- Cause gummy buildup
- Reduce the effectiveness and the usage life of pans

Bak-klene® ZT's **superior release agents** work where other sprays can't – resulting in less buildup, easier cleaning and reduced costs for you!

Brush-and-pail method wastes oil

With Bak-klene® ZT, you will:

- Use up to 50% less oil versus the brush-and-pail method
- Reduce labor costs by up to 1/3
- Achieve more thorough pan coverage and **no-stick performance** with our unique soft-spray nozzle
- Improve your yields and reduce throwaways

Grease-and-flour method makes it hard to clean corners and edges

Using the traditional grease-and-flour method:

- Generates even more buildup – especially in molded pans
- Makes it extra difficult to clean in the pan's nooks and crannies

Bak-klene® ZT covers pan edges with ease, generating a **full release** – for more visually appealing baked goods, streamlined cleaning and extended pan life.
