Vegalene Premium 3-Oil Blend Liquid

- Trusted Vegalene quality and performance in a liquid form
- Best choice when considering “green” alternatives
- Available in 1-gallon and 1/2-gallon jugs and a 16-oz. refillable pint bottle with a trigger sprayer

Ideal for preventing foods from sticking to frying pans, grills, casserole dishes, baking tins, spoons, knives and spatulas.

*Internal testing performed at Par-Way Tryson's test kitchens using comparable oil-based pan sprays

We have proof.

Vegalene is the best

Vegalene Premium and Allergen Free Food Release Spray along with Vegalene Buttery Cooking Spray have been awarded the prestigious ACF Seal of Approval. Since 1950 the American Culinary Federation has been a trusted source for foodservice certification, only awarding approval to products of the highest quality.

Premium Food Release Spray
Buttery Cooking Spray
Allergen Free Food Release Spray

Vegalene Buttery Cooking Spray

- Flavor spray and release spray in one can
- Makes it easy to add a hint of healthy buttery flavor to any dish
- Soy allergen, trans-fat and gluten free

Ideal for cooking and flavoring grilled sandwiches, egg dishes, breads, sautéed vegetables and proteins without adding calories.

Vegalene Allergen Free Food Release Spray

- Free of the top eight food allergens, as defined by the FDA –soy, wheat, milk, eggs, peanuts, tree nuts, fish and shellfish
- Peace of mind for those health challenges
- Helps foods release cleanly and prevents sticking, especially in high-heat cooking applications

Ideal for allergen free menuing and high-heat cooking with pans, grills, casserole dishes, sheet pans and more.

(Not recommended for high-sugar batters)

Vegalene Grid Iron Non-Stick Spray

- Impress guests with perfectly crafted waffles and sandwiches
- Eliminates gummy buildup, extends griddle life and makes clean-up easier
- Long-lasting release allows you to prep more waffles per spray for greater value

Ideal for waffle and sandwich grills up to 400°F.

NEW Vegalene Coconut Oil Food Release Spray

- Takes the heat, providing incredible stability at temperatures up to 380 degrees
- Stays true to flavor, it is specifically formulated not to obscure the natural flavors of foods
- Provides higher yield, better coverage with every use means **more pans per can**

Ideal for high heat applications up to 380 degrees and preventing food from sticking to cooking surfaces including pans, grills, casserole dishes, sheet pans and more.

NEW Vegalene Non-GMO Food Release Spray

- Provides higher yield, giving you better coverage with every use means **more pans per can**
- Consistently delivers, with up to 30% more active release agents than other pan coatings, Vegalene Non-GMO food release spray help foods release quickly and completely assuring your offerings look and taste the way you want them to
- Saves time and labor by providing a clean, even release every time to increase your productivity with faster, easier cleanup

Ideal for preventing food from sticking to cooking surfaces including pans, grills, casserole dishes, sheet pans and more.

Leading the way in value and performance

- Higher Yield. Covers more pans per can than other sprays*
- Increased productivity with a faster, easier cleanup
- Better overall coverage for pans and utensils
- No gummy residue build-up

*Internal testing performed at Par-Way Tryson's test kitchens using comparable oil-based pan sprays

Leading the way with healthy solutions

Vegalene will help you stay ahead of critical health trends. Per serving, all of our aerosol food release sprays feature:

- 0 calories
- 0g trans fat
- 0g cholesterol

All are Kosher Pareve, and we even offer options free of gluten, soy allergens and GMO.
