Vegalene® Canola Pan Coating: Combining high-heat performance with a healthier profile

Zero Trans Fats

Prevents foods from sticking at high heat – on all surfaces!

Vegalene® Canola High-Heat allows you to **cook, sauté and bake** at high temperatures — on any surface. Your dishes will **release easily** and maintain their visual appeal, which reduces throwaways and **increases your profits**. It will not break down or gum up your pans and skillets, simplifying cleanup and **extending pan life**.

Best of all, Vegalene® Canola High-Heat features an **all-natural**, zero-trans formula perfect for satisfying health-conscious guests — broadening your operation's appeal and **driving new sales** for your business.

A versatile, all-purpose spray, Vegalene® Canola High-Heat also works for **cooking at standard temperatures** — so you can use it across your menu!

Vegalene® — Trusted by chefs for over 40 years

Get trans-fat-free, high-heat performance from the leader in pan coatings

Vegalene® Canola High-Heat delivers the same superior release performance, quality and value that has made Vegalene® the #1 branded pan coating in foodservice.* Try it in your operation and discover why its all-natural, zero-trans formula outperforms other offerings:

- Made from a unique grade of heat-resistant lecithin and a premium grade of low-linolenic canola oil that will not break down at high temperatures
- Contains none of the inorganic compounds that can cause gummy buildup on pans and skillets — extending pan life and minimizing replacement costs
- Features up to 30% more active release agents than alternative offerings — for no-stick performance you can count on
- Keeps your ingredient costs low versus traditional methods — a full-second spray (one serving) uses about 1 gram of oil; a 1-oz. ladle uses about 28 grams of oil per serving
- Simplifies cleanup, reduces labor and enhances your profits

Brand	Product Description	Code	Pack Size	Case Weight
Vegalene Canola	High-Heat Canola Pan Coating	17021	6/16.5-oz. aerosol cans	8.2 lbs.
